The Business End

The 2004-2005 school year was a year of enlightenment. As we progress, each class seems to grow stronger in participation and academic success. The freshman class learned to work together within the smaller learning communities and raise the bar of achievement for the classes to come.

Westside's pre-engineering program has also marked its fourth successful year. As students in a high school that works, Westside Seminoles strive to be outstanding in every aspect. Whether by showing awesome school spirit, being involved in sports or clubs, or simply showing up on time in the morning, Seminoles are always striving to be the best that they can be. Let us now reflect on our past and look forward to our future.

"To reflect is to look back over what has been done so as to extract the net meaning which are the capital stock for intelligent dealing with further experiences."

-John Dewey

Reflections OF THE FUTURE

The Legacy staff has decided to begin a new Seminole tradition. It is our greatest honor to bestow the dedication of the 2004-2005 Legacy to Ms. Pat Stansbury. The student body agrees that Ms. Stansbury is an asset to Westside. Not only is she strong in her field and committed to teaching her students, she initiates relationships with each one. Passion, determination, and enthusiasm are the embodiment of Pat Stansbury. We treasure her daily contributions to the Westside community.

Getting Personal with Pat...

Ms. Stansbury was born in Natchez, Mississippi, on February 25, 1950. While attending Natchez High School, she remembers wearing the ever-so-famous "micro-minis" and being checked for dress code by Mrs. Strand. Throughout high school, she raised and showed quarter horses in her free time.

As a graduate of the University of Southern Mississippi, she later received Masters degrees in both English and Administration and Supervision. She says, "I stumbled into teaching without a real plan. It seems to be my destiny. My mentor told me that you can't avoid a calling." An educator for thirty-two years, Ms. Stansbury shares with others daily the things she loves. Since Westside's opening, Ms. Stansbury has incorporated an innovative teaching philosophy. "I let them have an opinion and not be threatened. You have to create free thinkers," she told us.

Last year, Ms. Stansbury was diagnosed with breast cancer. Today, the cancer is gone, but she still battles daily for her health. Her motto is Carpe Diem, "Sieve the Day!" Ms. Stansbury is dearly loved by everyone in the Westside High School community, but the Class of 2005 holds her especially close to their hearts. She is highly involved in all senior activities, and is a valued senior advisor.

"I have taught seventh through twelfth grade, and I always liked the material for seniors. Plus, seniors have to do it my way or no way... HA!" -Pat Stansbury

Pat's Profile:

Favorite Food: Thai spring rolls

Movie: "An Affair to Remember"

Song: "Stardust"

Book: *Mists of Avalon*

TV Show: Gilmore Girls

Guilty Pleasure: Luxury travel... "Standing in Glastonbury Abbey in the rain with someone you love." (Yes... she has done this!!)

"She's my sister, my mother, my teacher, my therapist, my friend, and my Steel Magnolia!"
-Esterine Stokes

"Charismatic, caring, dedicated are just the words I would use to describe Pat Stansbury. She represents the highest ideals of teaching with her excellence, enthusiasm, and concern. She is always there when we need her, she listens, understands, and always does what is best. We are fortunate to have a teacher and friend like Pat Stansbury."

-Mrs. Coxsey

"Ms. Stansbury is one of those teachers that can yell at you, but it's funny. I just love her bunches!"

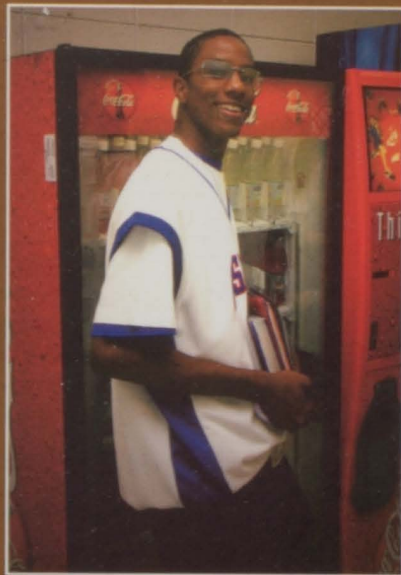

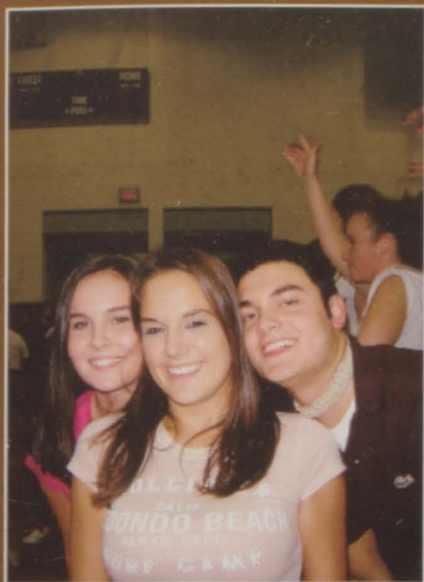

-Amanda White

"You couldn't get a better teacher than Ms. Stansbury"

any where else in the entire world. She is always available to help you, and she'll give 100%...I truly love her!"

-Chris Powell

Throughout and outside of Westside's campus, students can be found enjoying various activities. Some students like to serve in the community by volunteering; others choose to participate in school and community clubs or groups according to their interests. Still, others have found that a paying job makes them happy. No matter what the activity, students at Westside can always be found following their own paths.

"Follow your bliss, and doors will open for you that wouldn't have opened for anyone else."
-Joseph Campbell

WESTSIDE STUDENTS THOROUGHLY ENJOYED HOMECOMING, SPIRIT WEEK AND ALL OF THE FESTIVITIES THAT WENT ALONG WITH IT. SEMINOLES HAVE THE SPIRIT!

Every morning, the Seminoles come together for another day of learning. We overcome our many differences and obstacles to create an environment that is conducive to learning. When we reflect back on the student body of the 2004-2005 school year, we'll see how unique each one of us was. As we approach the end of the year, we will know that we have developed into mature, responsible, and intelligent young adults. Let's take a look at the many and varied faces of WHS.

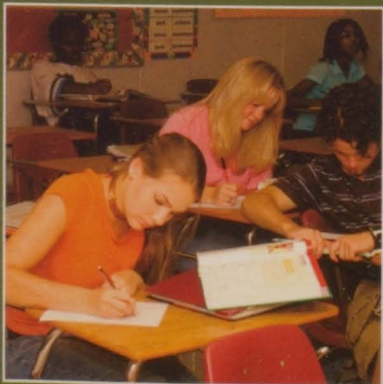

“ People can be divided into three groups: those who make things happen, those who watch things happen, and those who wonder what happened.”

As Westside High School's students move into adulthood, they are expected to reach even higher for success. Strong academics are the foundation for that success, and Seminole students courageously meet the challenge. Each year, Westside strives to produce well rounded students for society. We are proud to be "a high school that works!"

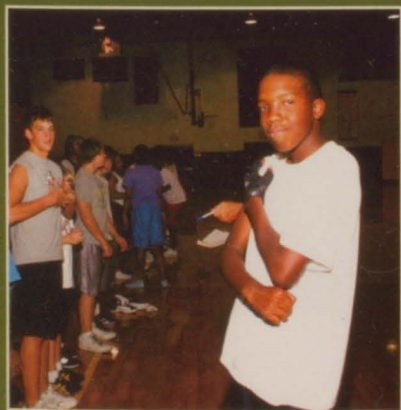

"The future must be shaped or it will impose itself as catastrophe."

-Henry A. Kissinger

Minding THE FUTURE

Westside Orchestra

Charli Barkemeyer, Ashlee Boone, Phillip Campbell, Pristina Campbell, Prystal Campbell, Kiara Cooper, Sarah Cooper, Ardis Dickens, Deidre Gibson, Amanda Goodwin, Melissa Goodwin, Kaitland Henley, Kasharia Horton, Amber Howell, Aramis Jordan, Helenia Keene, Sarah Keihany, Shaneria Lee, Ronnie Person, Kristy Powell, Brittnay Scott, Delia Sinclair, Deandra Smith, Lania Taylor, Gloria Thomas, Justin Whitehead, Arlon Williams

Hidden in the Music

Melissa Goodwin is immersed in the music as she practices.

The Love of Music

Playing any instrument takes skill and dedication, as Charli Barkemeyer demonstrates on the viola.

Practice Makes Perfect

Members of the orchestra strive to do their best with daily practice.

Life Is A Song...

and these players enjoy making the music.

Students enjoy ORCHESTRA

Four Westside students share their thoughts about music.

"I have played the double bass for 3 years; my entire family plays some sort of instrument. I love being able to play different types of music. I want to be a psychologist and use music as therapy."

Melissa Goodwin

"I have played the violin for seven years. It helps me relate to things in life- but it also helps me to focus. When I am playing I don't think about anything else. I just play."

Sarah Keihany

Students share their musical talents and express what they love about music.

Westside has a great diversity of talented students who take music lessons and perform because they love it.

"I have played the viola for 9 years. The beauty of the music that a group of high schoolers played for my class really made me want to take music. It has taught me discipline as well as the deep-rooted love I have for its calming effects."

Charli
Barkemeyer

"I have played for about 5 years - I became interested when a high school orchestra visited my grammar school. I liked the sound that the instrument made and decided to learn to play."

Ronnie Person

Westside Choral Program

Janorik Moody

"I have been singing for eight years now. Sometimes I am shy, but I really like to sing in the chorus. I also like to sing in my church, and I can see singing as a part of my future."

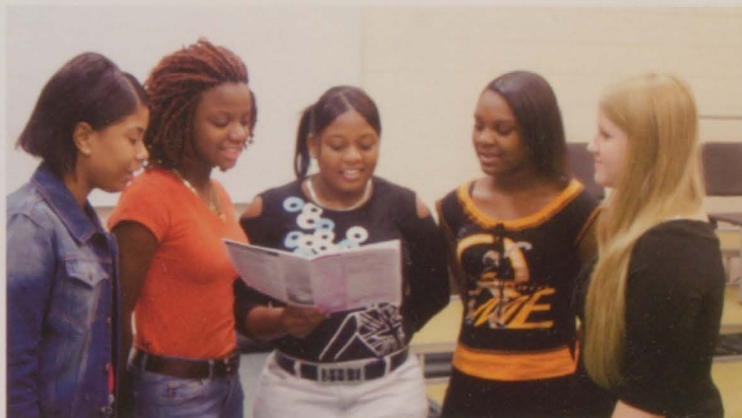

Ashley Faircloth

"I have been singing since I could talk, and I have been in chorus since the fourth grade. I know that singing is something that will always be a large part of my life."

These altos have got it going on.

Tameika Slocumb, Danielle Floyd, Jessika Williams, Yashica Jackson and Crystal Ernest work together to sing their notes beautifully.

Once More, With Feeling

Members of the women's chorus rehearse enthusiastically for the upcoming concert.

Making Beautiful Music

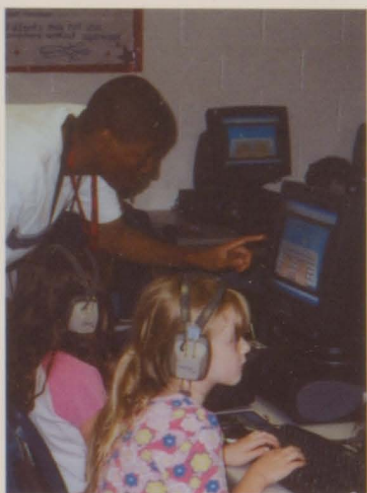

The Westside Choral groups are excellent, and always bring home superior ratings.

Taylor Owens helps her third grade pal, at Sonny Carter, with multiplication tables.

WHS students shine at community service

Students participate in a variety of volunteer opportunities. They represent Westside very well!

Giving Back

"I love being in PALS because it's a great opportunity to help younger students with their homework and everyday issues. You can also bond with your pal because together we make a difference."

Nwandi Williams

"I am a librarian's aid at Sonny Carter. I help put up books and help out kids. I enjoy it because I get to work with young kids which makes me think back to my younger years."

Josh Lewis

In what type of community service do you participate, and what do you like about it?

"I enjoy volunteering at the hospital in the summer, and every Sunday at St. Joseph's Sunday School at the park. I am in PALS because helping 2nd-graders is fun!"

Michael Pham

"I help out at Plantation Suites (an assisted living community). We can speak to the residents about the past, and we play games and socialize with them, still getting the job done!"

Dressing Their Best!

Garrett Sizemore, Ivory Lindsey, Keshia Carswell, Tonesia Henry, Chelsea Gorman, Ronakkumar Patel, Ashley Blount, and Shateka Hardnett are showing their spirit by style by being in dress code.

Smiling in Style!

Carissa Johnson, Jennifer Hulette, and Seth Baker portray their individuality in style, while remaining in dress code.

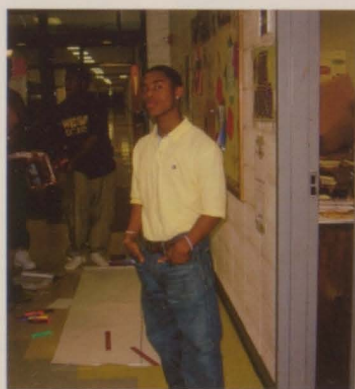

Cool in School!

Brandon Thompson dresses in a casual style with a collared shirt and khakis, following the trend among many Westside students.

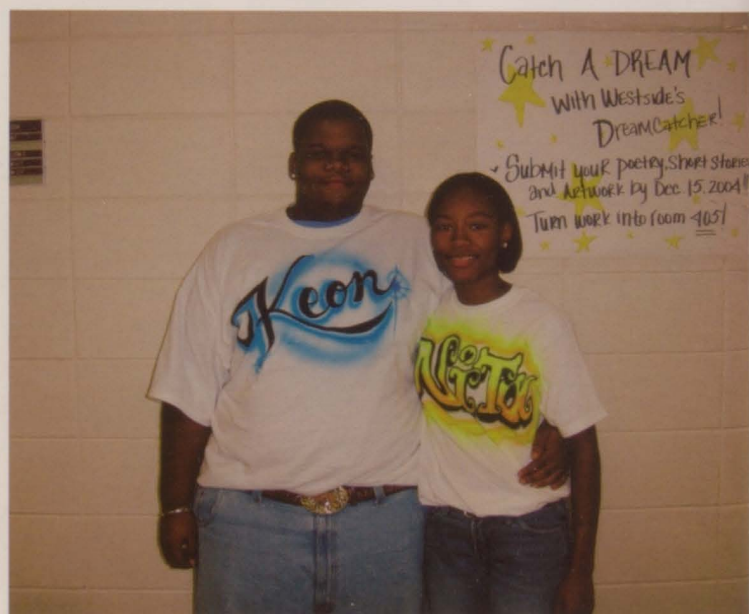

Stylin' and Profilin'!

Corey Robertson is stylin' while in dress code. He struck a pose while working on his project.

Friends to the End!

Keon Parham and Shanita Burnett show friendly love, while creatively expressing their support for the talent show in dress code.

Walking in Style!

Westside students show their respect for the dress code as they walk down the school halls.

Dressing in style!

Fred Cole, Melanie Lyder, Nichole Mahle, Louis Amansec, and Jacolby Woolfolk show the different styles among our Westside students.

Hot or Not?

How do you feel
about dress
code?

Dress Code

"Dress code is okay, but it has too many restrictions."

Phylisity Williams
12th grade

"I really don't like it, because what you wear has nothing to do with your school work, and the way a person dresses is a part of their personality."

JaVoni Raines
11th grade

What do the students at Westside think of the dress code? We decided to speak to students in each grade level. These were the responses we received from your fellow students.

"I don't really like it because we should be able to wear what we want as long as it is appropriate."

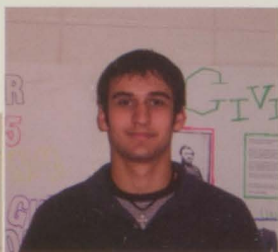

Philip Campbell
10th grade

"I think that it is a little too strict, but some of the rules are good. I do not like tucking in your shirt and not being able to wear certain shoes. Other than these two things, I think the dress code is fine."

Lacey Roller
9th grade

"I have been applying to Art schools, and I decided I would be wasting my life at a normal four year college. I have no desire to take classes I do not want. The most interesting part has been visiting the Atlanta College of Art and having my work looked at. The hardest part being getting my work to the schools." - Kenneth Shearer, Senior

"I have worked hard to keep the HOPE Scholarship to pay for my tuition, and I am searching for a scholarship to pay for room and board." - Britton Gates, Senior

"I have applied for some scholarships such as Hope United Negro Fund scholarship, and many more. I received information about these scholarships from fastweb.com, the counselor, and the Internet." - Angela Spain, Senior

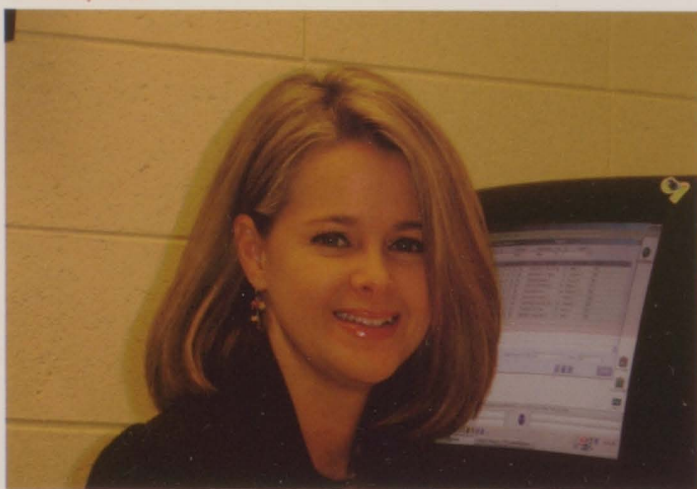

"I have applied for four scholarships so far. My favorite being the Lotta M. Crabtree's scholarship for women in theatre. I plan to venture into the college world while also pursuing a career in theatre." - Nicole Evans, Senior

"I am applying to Valacosta State, Georgia Southern and Mason State, because they all seem very fun and they all have the major that I am seeking. The most interesting thing about applying is learning about the colleges and what they have to offer a student. The only hard part about the process is that it can be a pain." - Kevin Knight, Senior

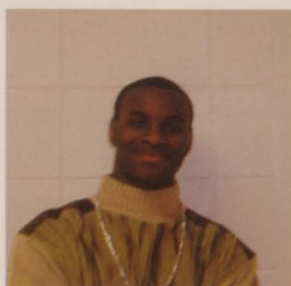

Stephanie Baker joined in with the senior class and cut loose while on the senior retreat. This was the time where we could relax, Coach Baber's session was fun filled and relieved us from our stresses.

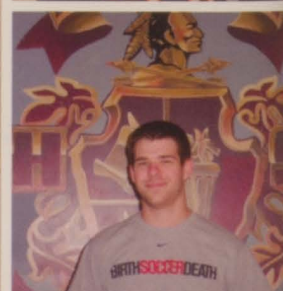

Mrs. Roller devotes much passion and zeal into her job here at Westside. Her door is always open and she is always willing take the extra steps to ensure that you succeed in every area in your life. Mrs. Roller says that the one thing that students say to her the most is: "If I could go back and redo the academic part of high school, I would." The seniors greatly appreciate the open door policy and the friendly smile that Mrs. Roller has. Thank you for all that you do; you are the best.

"I plan to apply to an art college. I've always had a fascination with art and animation since my childhood. My desire is to attend Savannah College of Art and Design or Atlanta College of Art. The most interesting part of the application process was receiving catalogs and learning about opportunities and benefits that are available to me. The difficult part was submitting an essay of about two hundred and fifty words when actually you could sum your ideas up in about two sentences and be done with it. I'd say it's definitely worthwhile." - Travis Branner, Senior

"I have applied to the University of Georgia through the early action plan. Right now it is the only school that I am interested in attending. Not only is it a large, in-state school with many opportunities, but the academic programs are awesome. I have visited the campus and I love the atmosphere. For me, the hardest part of the application process has been waiting for a decision!" - Cate Etheridge, Senior

"Being accepted into GSU was one of the most exciting moments in my life. The realization that I was reaching the next step in my life was incredible, it was like 'Goodbye Westside, Hello World!' - Jessica Brown, Senior (middle) "I have applied to Savannah College of Art and Design as well as, Atlanta college of Art and Design. These schools offer excellent art programs and I am sure that I want art to be a part of my future." - Niki Baucom, Senior (top right) "Most of the schools I'm applying to are in NC, but I'm considering Montana State for its brilliant Natural History film-making program. The tough part is that I am torn between so many good colleges." - Erik Semmelink, Senior (bottom right)

THEY SAID IT...

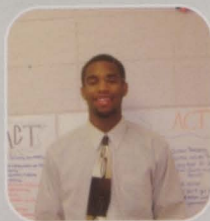

"In order to achieve all that is possible, you must attempt the impossible. In order to be all that you can be, you must dream of being more! I dream to become a successful lawyer running my own law firm. A college education will allow me to reach all my dreams. I plan to gain a bachelor's degree in political science and pass the BAR exam to become an attorney." - Tiwana Gifford, Senior

"In ten years, I would like to have a college degree, but, hopefully, I will be able to focus more on my family than my career. A white picket fence, two kids, and a dog would be just peachy."

Kate Folt, Senior

"In ten years I would like to be successful running my sports bar and grill. Also owning a chain of clubs in Georgia. A college education plays a big role because I will attain a degree in business management and entrepreneurship to achieve these goals."

Joel Sinclair, Senior

"In ten years I plan to be out of school and pursuing my career. Education is very important to my future especially with the field that I am entering. I will complete my core classes at an in state college and then transfer to the SEM engineering and design program in JET which will prepare me for my career goals."

Mike Dunn, Senior

"Ten years from now I would like to be in Connecticut with my family working in the medical field as a R.N. In order for me to receive my degree in nursing, a college education will be a huge part of the process. A college education will allow me to achieve my goals."

Charissa Jackson, Senior

"Ten years from now, I would like to be living in Atlanta, having graduated from Georgia Tech with a major in Mechanical Engineering and a minor Music Technology. By pursuing a career in building and designing guitar amplifiers and studio equipment, I could apply my degree in the areas I love to explore. I would also balance my time with music performance and teaching. Quality college education not only prepares one for a future career but also enriches the mind to thirst for knowledge throughout life."

Robert Hudgins, Senior

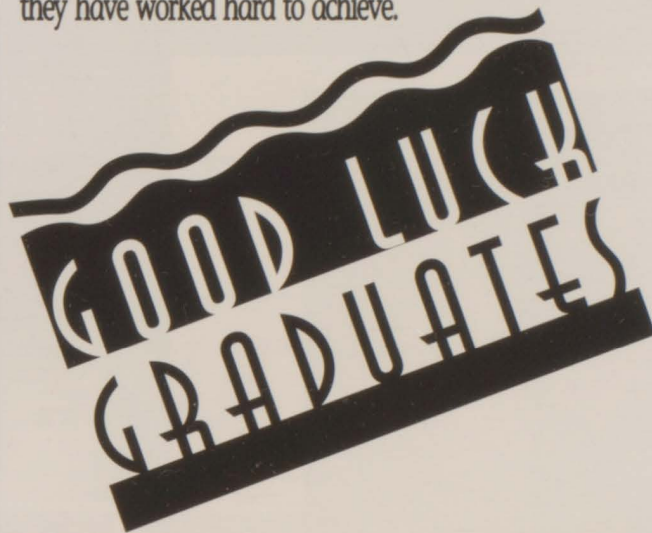

"In ten years I plan on starting a new family, living in a good home. I plan to devote my time and effort to my career and those that I love."

Natalie Simerly, Senior

Where will we be?

Preparing for life is a scary and yet wonderful time in a senior's journey.

Impatiently waiting for graduation, seniors encounter many crossroads where they are forced to think beyond the comforting halls of Westside, into the real world. Before the victory cry, seniors are faced with the tedious task of selecting and completing college applications and trying to meet the admissions requirements. The faculty and staff here at Westside have dedicated much time and effort in order to produce well-educated, responsible, respectable students into the community. Seniors have been taking various types of tests, writing the ever-so-famous college essays and then the waiting process begins. On the following pages you can see where your peers are headed and what they have worked hard to achieve.

Behind the Scenes

Mrs. Peterec is our senior advisor who truly cares for our well being beyond the bubble of Westside. She feels that students should take responsibility for themselves and their academics during their freshman year. Mrs. Peterec is the safety net for those who fail to plan and panic about their graduation status. We will always remember the moments spent crying and laughing in her office. We will miss the comfort and help she offers the student body here at Westside.

Students speak out about Standardized Testing!

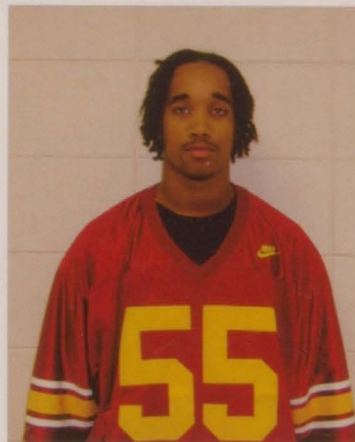

"I do not think we should have to take End of Course Tests. It's not fair to the students if the teacher does not cover all the information on the test. We should only have to take the finals that the teacher has prepared for us!" - Carrie Pace, 9th

"I don't like all of the testing during the year. It is both stressful and tedious and doesn't show the true talents of the student. Some students don't respond well to timed-testing, therefore they receive bad scores that count towards important things such as college." - Shannon Borck, Senior

"I FEEL THAT SOME OF THESE TESTS ARE NEEDED IN ORDER FOR COLLEGES TO DETERMINE WHAT WILL BE "GOOD", BUT ENOUGH IS ENOUGH. I FEEL THAT COLLEGES NEED ONLY ONE TEST TO SEE YOUR POTENTIAL AND THAT IS ALL." - JUSTIN HANKINS, 10TH

"Personally, I don't really enjoy Standardized testing but I believe that they are essential. Students, as well as teachers and colleges all need to know exactly what we are capable of. These tests from my point of view are really the only way to effectively find out. Not only can we get from these how smart we are but also how dedicated we are. We who take them want to do more than 'just get by'. For me the tests are more than just tests. They are challenges, a comparison of myself to the best, so I strive to exceed what is expected of me." - Jermey Hartley, Senior

"I WANNA FEEL THE SUNSHINE SHINING DOWN ON ME AND YOU" ... SENIORS MAMIE DAYAN, VERONICA MACK, MICHELLE JAMSSSEN, AND CHRIS BELL TAKE IN THE SUNSHINE SITTING IN THE BEAUTIFUL SENIOR COURT YARD. THE COURT YARD IS A GREAT PLACE TO RELAX AND UNLOAD THE STRESSES OF THE DAY BROUGHT ON BY TOUGH CLASSES, TESTING, AND GENERAL HIGH SCHOOL DRAMA. THIS HAVEN FOR STUDENTS IS ALSO GREAT FOR STUDYING AND PREPARING FOR UPCOMING CHALLENGES.

"Whoa! Ok, you are now firing a gun at your imaginary friend near 400 gallons of nitroglycerine!" - Justin Bartuska, Senior

"In addition to school work and extracurricular activities, high school students are under a lot of pressure to do well. Testing is becoming a stressful and unpleasant experience for a number of students. These tests can determine what college you fit into, or even if you can graduate. Therefore, some standardized testing is unnecessary!" - Christy Epps Senior

Testing

Students are required to endure many standardized tests throughout the years spent in school, including the ever so famous PSAT, SAT, GHSGT, ACT and End of course exams. These tests produced much unneeded stress in a student's life!

What's on your mind?

"When I am testing I start to think about what I am going to do when I get home or something stupid that is off task. Or anything that has happened before." - Ronald Bonds, 9th

"Yes! Loose meat and crinkle fries today! Loose meat rocks my socks!" - Stephanie Cortney, 10th

During testing it is common for students minds to wonder off task. The following students were asked: "During testing do you find your mind wandering off task? If so what are the thoughts running through your mind?" Man, tacos would be good right now...

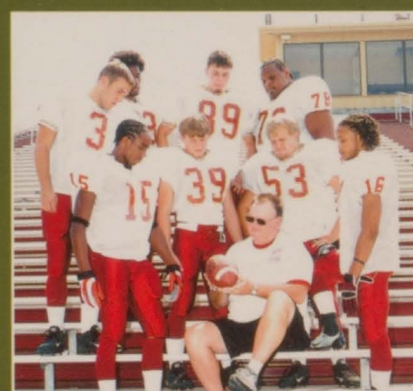

"What will we be doing in practice today? I cannot wait until practice so we can scrimmage. No matter what sport I am playing, it always keeps me pumped!" - Kareem Jackson

"When I am taking a test I find myself saying, 'WTF, Mate!!' and laugh...then I move on to the next question." - Bruce Elliott, Senior

Westside Seminoles take great pride in being well rounded athletes. Win or lose, Seminoles present themselves in high moral standing and demonstrate proper sportsmanship. Winners reflect the spirit of their school and community. Westside's athletes have always been, are, and always will be the definition of true winners.

“As you go the way of life, you will see a great chasm;
jump, it is not as wide as you think.”

Reflections OF A WINNER

RACHEL ADAMS

- Soccer, Cross Country, and Basketball

"I always had to play with the boys."

REBECCA MCCOOK

- Softball, Soccer

"I was climbing on the fence in the dugout and accidentally kicked a girl in the head."

JULIE TINGLEY

- Softball

"The first time I got a hit in softball, I ran to first, picked up the base, and took it with me to second!"

LESLIE HOLLIS

- Softball, Soccer

"We were on the Astros, and lost every game! Daddy told me that we won, though."

TAYLOR CANSLER

- Softball

"I remember that every time the ball came to me it would roll through my legs. I was too busy picking daisies in right field."

SANDI BROWN

- Track, Cross-Country

"My earliest memory of running track competitively was when I was seven years old and I competed in the Junior Olympics."

CHRIS POWELL

- Football, Baseball

"Playing at Henderson Stadium in the Super Bowl and winning it."

BRYAN JOHNSON

- Football

"Football has always been fun for me."

WHO'S THAT STAR?

Westside High School is fortunate to house a tremendous amount of talented athletes within her walls. Coaches and athletes alike possess great skill, talent and desire.

Have you ever wondered if the love for sports was simply born in them, or if they learned to love them over a decade or two? We decided to ask Seminole athletes to show us their baby pictures. Would they prove a point?

Take a look at the pictures on the preceding pages... so many of our student athletes seemed to know, even as children, that they would enjoy and excel in some type of sport or sports! They also shared with us their earliest memories of being involved in sports.

DANIELLE DUNCAN

- Soccer

"My earliest sports memory was my first championship soccer game. I was 11...the majority of the other team consisted of huge boys...but we still played our hearts out. We lost that day, but we still had a lot of fun."

"Anyone who has achieved excellence in any form knows that it comes as a result of ceaseless concentration."

-Louise Brooks

“Concentration is the key that opens up to the child the latent treasures within him.”-EM Standing

1. Deortis Johnson

"I enjoy working hard and getting better every day."

2. Anthony Corbett

"I really like to catch the ball!"

3. Zack Whigman

"What I like about playing football is hitting people."

4. Deshawn Robinson

"Working hard to support the team is very important to me."

5. Brandon Ashley

"This year was great. I had lots of fun. I'm looking forward to next season with the Seminoles."

6. Chris Alston

"The thing I like most about football is when you hit a guy, you know it's killing him, but you feel great; it's just him and you and he's the one that's hurting."

7. Aubrey Booker

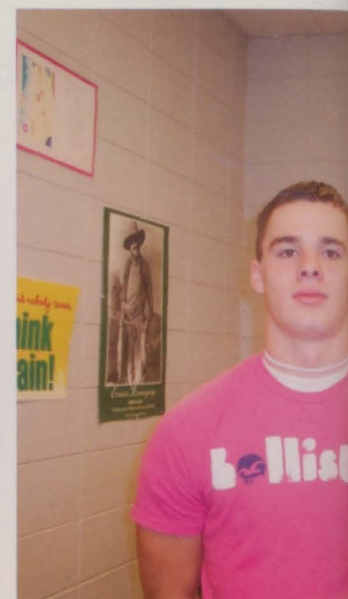

"I just love Football!"

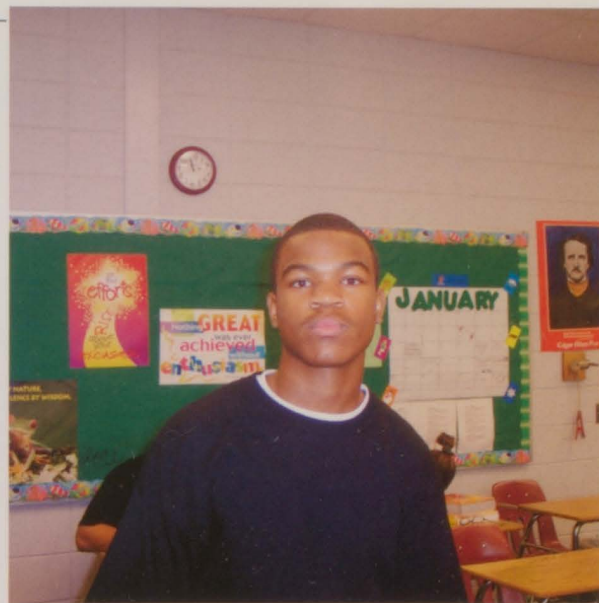

8. Coach Mark Tallant

"The 2005 JV Seminoles had some exciting games this season with a dominating win over Central 18-0. The future is bright for Westside Football! Many of these players will compete for starting jobs next fall."

9. Coach Chris Jones

"This is a great group of kids to work with - they have a very bright future."

Westside's swimmers make a big splash in the pool, swimming alongside Central swimmers.

The Westside swim team is a combined swim team with its neighboring school Central. Amazingly these normally competitive schools come together effortlessly to create a formidable opponent for neighboring counties. Many of the students on the team are year-round swimmers, meaning they swim with a local club for several hours a day throughout the year. Then when it's swim season at Westside, seniors like Heather Jones add an hour of practice, four nights a week, to the two or three hours they already do daily after school. Amazingly, even with all of that practice time, the students on the swim team maintain 3.5 or higher GPA's.

The 2004-2005 season has proven to be a challenging one so far. The Seminoles had a new coach as well as a new team. However, the team has worked hard to come together for their meets and their efforts have paid off. They have placed in the top three in every meet they have attended and several swimmers have qualified for the state meet in February.

Heather Dasinger

"To me the most amazing thing about coaching this group is seeing so many diverse students from different schools and backgrounds come together and interact and have fun the way we do. Leaders like senior Heather Jones make sure the kids have a lot of fun while working hard. When it comes down to it my swimmers know how to get the job done at the end of the day and I am proud of them all!"

WESTSIDE SWIMMERS

Coaches Laura Brown and Heather Dasinger watch the swimmers and cheer on the team.

Heather Jones prepares to dive off the block.

These swimmers are warming up in the pool.

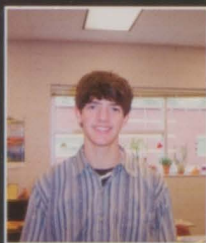

Lauren Garrison

"Swimming may take a lot of work and practice, but it is a great form of exercise. Plus, it feels great to win!"

Chris Gates

"Swimming is a very active sport that helps keep me in shape."

Heather Jones

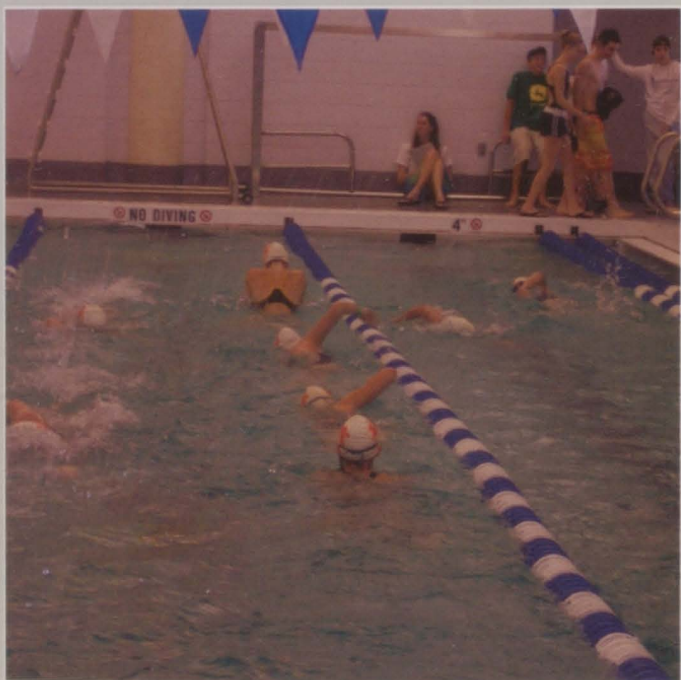

"Swimming is a growing sport - I hope that it continues to grow!"

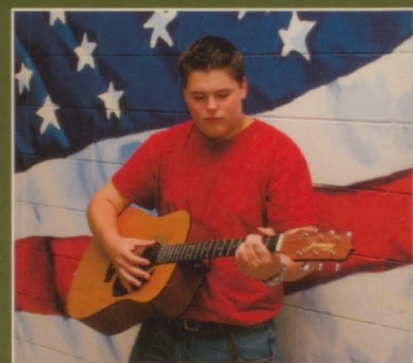

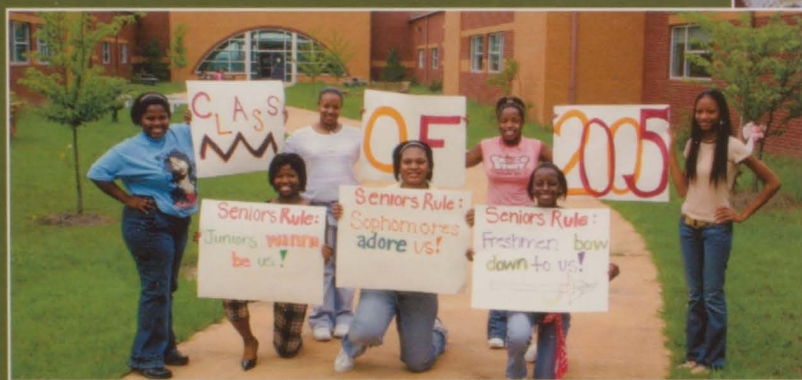

Katie Cornett

"It's hard work, but it's worth it!"

As we continue our journey through time, leaders arise. We take this time to reflect on the leaders of yesterday and look upon the leaders of tomorrow. Our success does not end, but begins with the contribution of each organization. These organizations strive to make Westside shine ever brighter than before.

“Organization is a tool that permits groups of human beings to aim at and achieve goals that would be far beyond the reach of their powers as individuals.”

Herbert A. Simon

Miss Seminole 2004

Annual pageant for kindergarten - 12th grade

The Fifth annual Miss Seminole Beauty pageant was held on September 18, 2204 in the Westside cafetorium. This pageant was started in 2000 by the Marching Seminoles, and it has been a popular event ever since. There are 4 age divisions; Little Miss Seminole (K. thru 3rd grade), Junior Miss Seminole (4th thru 6th grade), Teen Miss Seminole (7th - 9th grade), and Miss Seminole (10th thru 12th grade). The contestants must attend Westside or a "feeder school" for Westside.

It was a lot of fun, meeting new people. I really got to know them, and it was a blast! I was thrilled when I won.

2005 Governor's Honors Finalists

Each year, Westside is fortunate to send selected students to a rigorous training program in the summer called GHP.

The Governor's Honors Program is a six-week experience held during the summer on one of the major Georgia colleges. Students are nominated by a teacher for a particular concentration in which they excel or are very interested. Westside has nine nominees in the categories of Math, Social Studies, Communicative Arts, Music and Theatre. All of these students have already undergone rigorous County interviews and will attend state interviews within the next few months. Finalists who are chosen to attend the program will spend six weeks living in dorms, taking classes, participating in seminars and meeting people from all across the state. We are proud of all our nominees and wish them success.

More about the Governor's Honors Program

"Without exception, every past participant from Westside has loved both the social and academic aspects of the Governor's Honors experience."

Mrs. Diane Smith

"Governor's Honors is a great program giving students the opportunity to explore different aspects of a subject which they may never see in a regular school year. It also provides a chance to meet other students from across the state who have similar interests."

Ms. Linda Hughes

"In Social Studies, the students are considered to be the best debaters, politicians and historians that Georgia has ever seen. They are the 'Soc Studs.' There are ten classes offered that cover a wide variety of topics ranging from the psyche of serial killers to military history from ancient to modern times."

In
Memoriam
Ms. Ann Wilder
May 28, 1945

-
May 27, 2004

Students and faculty alike were deeply saddened to hear of the passing of Ms. Wilder. She was a beloved teacher and friend.

She was a native of Ocilla, Ga. and had worked for the Bibb County Board of Education for 29 years. She had been a Math teacher at Westside for 5 years, and students benefitted greatly from her teaching and guidance. She will be missed greatly.

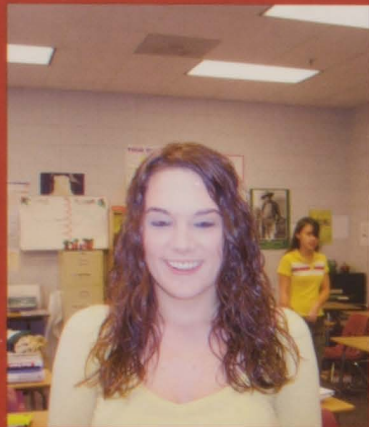

Teacher's Prayer

I want to teach my students how
To live this life on earth
To face its struggles and its
 strife
And improve their worth
Not a lesson in a book
Or how the rivers flow
But how to choose the proper
 path
Wherever they may go
To understand eternal truth
And know the right from wrong
And gather all the beauty of
 A flower and a song
For if I help the world to grow
In wisdom and in grace
Then I shall feel that I have won
And I have filled my place
And so I ask your guidance, God
That I may do my part
For character and confidence
And happiness of heart

-James J. Metcalf

Molly Jones, Jabril Muhammad, Stephanie Corkery, Katie Logan, Bonak Brahmhatt, Sandra Gamez Perez, Peerawat Sripa, Orlando Gamez Perez and Shawn Canady wave goodbye to the school year.

"I'm going to college to study pre-med. I'll probably try to go to Macon State College or Georgia College for my first year."

Kristina Garrett, 12th

"This year has had an impact on me. It has made me a strong person and has taught me to concentrate on me and not on others. It has also helped me find out who my true friends are."

Sheena Gale, 11th

"I've grown a lot this year. I'll just leave it at that."

Eric Malmquist, 11th

"Some things that I really enjoyed this year were beginning my great adventure with the French language, our school's new athletic records, my induction into both the High Honor Roll and Who's Who Among American High School Students, and my extremely exciting role of the Vice President for Key Club here at Westside."

Redrick Williams, 10th

"This year has opened my eyes to see that ignorance is not the answer. Everyone should be open and respectful of each individual's opinion. There is no peace and nothing is resolved when there is only strife and lack of respect for one another."

Haley Murphy, 11th

"My favorite part of the school year was the reptile incident in Algebra II! My plan for the summer is to go to GHP, or I will be forced to entertain my 5-yr. old cousin in New York."

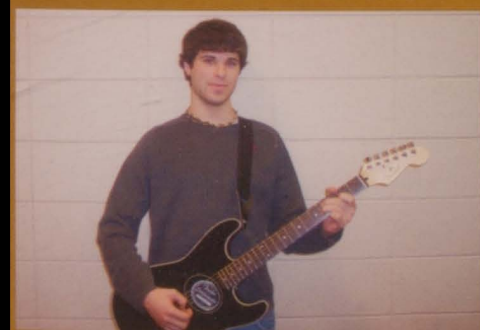

Chui-Lai Cheung, 10th

All good things must come to an end.

As the 2004-2005 school year comes to a close, students look back with mixed feelings. For some students, it may have been the greatest year of their high school career. For others, it may have been a challenging year. Whatever the case, Seminoles will always learn from their experiences and use what they have learned to benefit them in the future.

“Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning.”
-Winston Churchill

“This year, I’ve enjoyed all the pep rallies, spirit walks, and the senior retreat. During homecoming week, I celebrated character day by becoming a giant banana. On duo day, Bach and I dressed up as Ace and Gary, the Ambiguously Gay Duo. Mrs. Yarbrough ended that day of festivities early for us. Although my team didn’t win Senior Trivia Night, it was still a great experience to dance on stage in baby blue spandex with Mrs. Donehoo.”
Kyle Dreyer, 12th

“This summer I plan to save, save, save! Then, I’ll either go to Savannah State University or Georgia Southern and major in Mass Communications to become a journalist for a major ethnic magazine.”
Ronnie Person, 12th

“My plans for this summer are going to the beach, visiting my family, and lounging around.”
Kelsey Miller, 10th

Although advertisements are the very last section included in our yearbook, that does not make them any less important! As a matter of fact, they are the backbone of our yearbook. We appreciate advertisers because through their ads, they show their support for Westside High School. Advertisements provide the major source of funding for the yearbook; thank you!

We at Westside thank our supporters - you are all Seminoles in our eyes!

A large collage of various photographs depicting different stages of Jenn's life. The photos include: her as a baby being held; her as a toddler with a dog; her in a yellow 'WESTSIDE' sweatshirt; her in a baseball uniform; her as a young girl in a white dress; her with her mother; her with her father; her with friends; her in a red ruffled shirt; her in a green tutu holding a bouquet; her in a winter hat and goggles; and several group photos of her with siblings and friends.

Dear Jenn,

There surely can be no greater evidence of God's Love than His Blessing those united in Holy matrimony with the birth of a child. On July 9, 1987, you were born of love to us, the luckiest parents in the world. We wished it would be so, but had no idea how wonderful it would be to be your Mom and Dad. Wonderful it's truly been and wonderful it truly is.

Over the years, you kept us in complete amazement and awe--- from how you dealt with a broken leg at 18 months to the many displays of your very creative mind as a young girl. Until you told us, we had no idea how frogs got long tongues. (I bet your friends don't know!)

How proud we are that you have grown into a beautiful, mature young lady who accepts responsibility, loves her friends and appreciates and respects the teachers and coaches who took an interest in helping you grow. How proud we are that you freely show your love and respect for us.

We love you, Jenn. Thank you for being you.

Always Be True to Yourself, My Son,
for There Is Greatness Within You

Throughout your life, I hope you will always pursue sensitivity and kindness as your chosen way. Your sense of humor is wonderful; hold on to it. Being able to laugh at the world will see you through many hard times. Guard against bitterness and sarcasm; they can destroy you. Be yourself; the world will benefit from your talent and your humor. Search for people who love and appreciate you for who you are and who encourage you to improve. Don't be satisfied with less than all you can be, for you have greatness within you.

To Erika, my hard-headed, don't listen and stubborn daughter. Throughout the years, I have watched you blossom into a beautiful respectful and intelligent young lady. Always remember that only God and you can control your destiny and attitude is everything in life. Whatever you decide to do in life, I wish you success and the very best of luck because you deserve. Erika, you are the GREATEST LOVE of all.

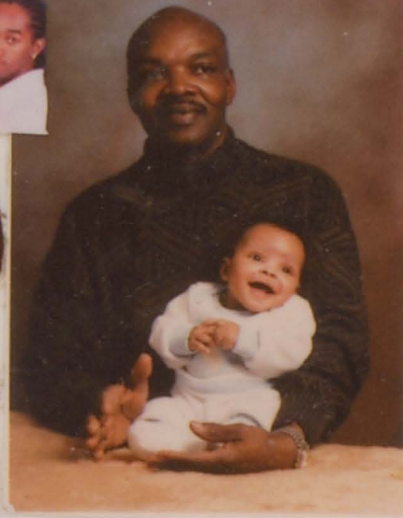

Love,
Your mother

To my mother, thanks for being there through it all. To my father, thanks for showing me some love. To James, thanks for being that second father figure. To my Auntie Annette, thanks for being that second mother. To my brother Chris, you gets on my nerves, but I still love you. To my cousins Tae and Kim, thanks for being the sisters that I needed, ya'll was always there for me. To my bestfriend Stephanie, thanks for showing me that I can do what I want if I try. To all my close friends, thanks for showing me what a real friendship was. Even though we went through our hardships, we made it through. I love ya'll. To the Class of 05, we finally made it.

Love, Erika

Kia,

Wow dawg, it has been another year. It seems as if we have known each other for ever!! You are talented, smart, crazy, and my best friend. You have been there for me through everything. In all honesty I don't know what I would do if You weren't in my life. God had it in His plan for us to become fast friends. Our little brothers seem destined to continue it. I'm saying all this to tell you that I love you so much. Our years of sisterhood has not cannot and will not be broken. I know we will be successful in our futures where ever they take us. I love you girl and don't you ever forget that.

**LIVES FOR THE P
MOMENT.**

Phее,

We have been through so much together!!! The fact that all of these years have passed and we are still friends is just a blessing to me...that's what you are - a blessing. No one I know can be the friend that you have been to me. I just know that God has blessed me so much by allowing me to be as close as we are. I just want you to know that I'll always be here for you for whatever!! Another year has passed, about to move on to college and find newer and, hopefully, better things of life. I just want to let you know that I wish you the best in all that you do. I have faith in you and I know that you will go far!!!

"The Wig Lady"

B.T.,

We want you to remember this poem for everything you do, because life
will not be a crystal stair. No matter how hard life gets, we want you
to believe in yourself because we always will.

Love,

Mom and Dad

Well, son, I'll tell you:
Life for me ain't been no crystal stair.
It's had tacks in it,
And splinters,
And boards torn up,
And places with no carpet on the floor--
Dare.
Dut all the time
I've been a-climbin' on,
And reachin' landin's,
And turnin' corners,
And sometimes goin' in the dark
Where there ain't been no light.

So boy, don't you turn back.
Don't you set down on the steps
'Cause you find it's kinder hard.
Don't you fall now--
For I've still goin' honey,
I've still climbin'
And life for me ain't been
No crystal stair.
